A Message from our Principal

SENIORS OF '45

Your twelve years of free public school education are now completed. Your Class, along with thousands of others, will now enter into the life for which you have been preparing.

Back in '33 when your school days began, your Country was starting to emerge from a world-wide depression. Now in '45, when your school days end, your Country is engaged in a World War. Your entire high school career, except for three months, was spent in school during war days. As part of your education, you know the meaning of air-raid drills, stamp and bond sales, waste paper collection, tin can drives, milkweed pod collection, airplane spotting and scrap collection.

Your school has given you tools with which to work, ideas and ideals for which to strive, and standards by which to live. Now it is for you to determine how far up the ladder of success you will go. As you go out into Life, in peace or in wartime pursuits, it is my earnest desire that you may be successful. Your success will bring happiness to you and your friends.

My best wishes and continued interest are pledged to each member of the Class of '45.

Class History

FRESHMAN HISTORY

In September 1941, our first glimpse into a new world occurred. Mr. Ashkar and Mr. Creveling were our home room teachers and we had a total of sixty-three strong.

We elected officers as follows: President, Charles Waters; Vice President, Mary Margaret McClintock; Secretary, Iva Burkhart; Treasurer, Patty Bubb.

SOPHOMORE HISTORY

Fifteen members of the class did not return. We began our Sophomore year with the election of officers as follows: President, Charles Waters; Vice President, Mary Margaret McClintock; Secretary, Esta Frantz; Treasurer, Ruth Gray.

Our first social event was a Christmas party held in the Home Ec. room. A farewell party for Iva Burkhart who went to New York was next.

This year we selected our class rings and pins.

JUNIOR HISTORY

In our Junior year, however, we began to see light, and it was then that we started to do things. With an enrollment of forty-three, our class soon organized with the following results: President, Harvey Armstrong; Vice President, Irvin Boyer; Secretary, Esta Frantz; Treasurer, Pauline Kilgus.

During the year we had a successful wiener roast followed by several parties. The outstanding events were our class play, "Sulphur and Molasses", in November and the Junior and Senior Prom in May. Thus ended the third lap of our high school careers.

SENIOR HISTORY

We returned in September 1944, with a grand total of thirty-eight, having lost a number of members, including Harvey Armstrong and Julius Reithoffer, who joined the armed forces. We chose as our officers the following: President, Irvin Boyer; Vice President, Ellsworth Kisner; Secretary, Esta Frantz; Treasurer, Kenneth Maciejewski.

Before Christmas our name cards, invitations, class motto, colors, and flower were selected.

A wiener roast at the home of Esta Frantz, the class play, "Mrs. Uncle Sam", and a Christmas party at Josephine Wishard's were enjoyable high lights of the year.

Treasurer ..... Kenneth Maciejewski

CLASS ADVISER

Miss Mabel Shipman

The Class of Forty-five

You should have seen the students run
When school began in forty-one
And, as they entered Hughesville High
A strange sight met their eye,
There arrayed in "tell-tale green"
Were freshmen faces bright and keen.

With eyes on lessons ever glued
And meek and mild and quite subdued
They traveled fast, those Freshmen dear.
And, as the close of school drew near
The shackles of green they no longer bore
They had earned the title of Sophomore.

Though the class had lost a few
Still they a little bolder grew.
In social events they set the pace
And never retired from the race.
When finally they reached the Junior goal
They certainly played a winning role.

"Sulphur and Molasses" as a spring tonic
Became a cure for "acute or chronic."
The Junior Prom, you'd be surprised
At all the interest it aroused.
But then alas! time rushes fast
And Juniors to Seniors grew at last.

As Seniors tall and straight and staid
We look o'er the records we have made;
There are some regrets of work undone
And thoughts of the future all unknown.
There are memories of classmates dear
Scattered now both far and near.

As we stand on the threshold of life
'Mid all the trouble of a world at strife,
And as we go forth from our school hall
We wonder what fate holds for each and all;
With fondest thoughts and a deepening sigh
We'll ever remember dear Hughesville High.

Senior Parade — Class Prophecy

Stop the clocks! burn all calendars, catch your breath and bring all your troubles to Madam Monarchy or better known as a hepcat. Anything you've ever dreamed of come and tell "Monarchy" all about it and she will verify your wishes—Ah yes! 'tis true, twenty years hence the time will come when:

We will find June Andrews in Hollywood taking Gene Tierney's place. June is very popular with all movie-goers. After working hard, she has become one of the ten box-office favorites.

Barbara Birdsell has been working at the Bell-Telephone switchboard located at Pine Summit. Her worst habit is listening in on the conversations.

Dallas C. Bitler, Esq. is now the proud inventor of a gadget used for cleaning teeth, trimming nails, combing hair, and cutting grass.

For the last few years Bettie Boyer has been running stiff competition with Lana Turner and now she has the title of "Sweater Girl of 1965."

Growing so fond of Rynearson's ham sandwiches, Irvin Boyer has finally opened a saloon of his own.

After breaking so many hearts just for a career, Patty Bubb has finally decided to marry none other than the great Maestro Tschaikovsky II. The bride is thirty-eight and the groom is at the spry age of seventy-six.

The population of Hughesville has doubled in size and it now extends up over Red Hill. At the top we find Iva Burkhart and Amos finally settled in a little white and green cottage.

Marian Campbell and Bob are living happily in Montoursville on a large income from the great Hoffman Roofing Industry.

Doris Dentler is now known all over the world for her great welfare work in Philadelphia.

Susan Diggan is still as brown as she was back in her school days. Her boss seems to think she is O. K.—but sitting on his knee did help.

Doris Foust is head librarian at the James V. Brown Library in Williamsport. It is whispered that she has been offered a position in the Congressional Library.

We find that Esta Frantz has become a great sports-lover since the buck season back in "44". We now find her situated in her happy hunting ground back on Red Hill. Happy Hunting Esta!

You will find Ruth Gray and Ed settled down in East Muncy. You are welcome to drop around anytime for a visit.

Little quiet Helen Hill has surprised us all; she is now the rage of the "Ziegfield Follies."

You would hardly recognize Pauline Kilgus. Tiring of red hair, she is now an attractive blonde.

"Bud" Kisner has found his hair and voice an asset in reaching the theatrical world. He has been given the name Leo and is employed by M. G. M.

Now that the duration is over and June Kline doesn't have to use void gas stamps and ride on the rims, she has finally traded her car in for a Model T.

Hop on the western bound train any day and go to the promised land of Arkansas with "Katie" Long.

Kenny Maciejewski is still running competition with Lynn Person and has taken to "Dear" hunting in a big way. We find he has beaten Lynn's 179 lbs by a fifteen point buck.

Senior Parade — Class Prophecy

Since men are scarce, "Mag" McClintock has set up an attractive swanky beauty salon just off Constitutional Avenue in Po Dunk. But still her specialty is waving men's toupees.

"Frog" Miller has given up the poultry business since that mishap back in '44 when he turned over the truck. He decided to try something less strenuous, so he became a snake charmer.

Peggy Minier has a monopoly on the big Magnesium Industry in Lairdsville and goes from one factory to the other in a heliocopter.

Maxine Murray has recently signed a contract with the Bloomsburg Fair Association to raise turkey feathers for their fan dancers of 1965. They decidea ostrich feathers were too large.

It has taken Adda all these years to open up a hot-dog stand for the people who spend most of their time touring the Weister Tract.

Max Phillips is still dividing his time between two occupations, shooting pool and farming.

After saving enough money, Audrey Poust finally has arrived in Scotland. She has met all her relatives and has found that she likes Scotland very much, so much in fact, that she has decided to stay there for at least a year.

We hear Jeanne Poust has recently gone to California to perform her household duties for her flyer. She says it is a difficult task with children involved.

We now find Kenny Poust working very hard to become Movieland's No. 1 photographer. He is also the sole-owner of a chain of studios all over the world.

We still see Jane Reed riding around in the same gray "Tricky" Chevrolet.

All through his high school days, Sam Reed longed to meet and have a date with Linda Darnell. He has fulfilled his life's desire; he is now living two blocks down from her home on Hollywood Boulevard.

Carrie Ann Robbins has turned sour toward the world and has become a hermit living in an unknown part of Skunks Hollow.

After all these years making decisions as to whom she should marry, Margaret Siegfried just divorced her third husband so she might become the "first lady of the land."

Mary Siegfried has attained her life's ambition. She is now taking over Harry Roger's position as Hughesville's first police woman.

Marian Smith finds her correspondence back in her school days very useful in her commercial career.

Mary Smith has taken her hope chest and Dutch and has settled in the West Indies.

Loretta Starr is the sole proprietor of the largest blackmarket hardware store in Clarkstown. She is now selling horseshoes plus rationing stamps since she has worn out "Sticker's" car.

After twenty years Charles Waters is about to drop the subject of Dewey's Nomination back in '44 and he himself will run for president in the coming election.

After studying what to do, "Jose" Wishard left on a Clipper bound for Paris as a designer. Her last editorial on fashions was published in "Glamour". She maintains there will be little change in men's pockets in future years.

Democracy in Action

OFFICERS

President ..... Patricia Bubb
Vice-President ... Susan Diggan
Secretary .. George Montgomery
Treasurer ..... Maxine Murray

The Student Council is the only form of self-government in our school. It was organized five years ago to promote good will among the teachers and students and to try to make the school better in every way.

During the 1944-45 term the council sponsored dances in the gymnasium, collected tin cans, promoted the sale of war bonds and stamps during the Sixth War Loan Drive, and made it possible for the students to have excellent professional entertainment during assembly periods. These programs were both educational and entertaining.

The faculty advisers, Mrs. Ginter, Miss Corle, and Mr. Ashkar helped us greatly in solving our problems. We wish to thank them for their assistance and consideration.

Monarch Staff

NEWSPAPER GOES TO PRESS

When the February issue of the school paper was placed in the hands of the student body, the task assigned to the staff had been completed. Those who composed the staff had worked earnestly and had cooperatively combined the work of three departments: Editorial, under Mrs. Waters; Art, under Mrs. Fetter; Commercial, under Miss Roan and Miss Kocher.

The staff endeavored to give to the school a paper improved in content and make-up.

Dear Anne
It has been fun
having you as a class

in the same class next
year. Good Luck.

MONARCH GOES TO PRESS

The yearbook staff has worked diligently in these days of "priority ratings" to bring to press this publication. Credit must be given to the entire senior class, the members of which have been loyal and helpful in making suggestions and compiling material, and to our advertising manager who has secured the largest number of patrons the yearbook ever had.

Now the nineteen hundred forty-five Monarch is yours.

Athletic Association

Clean Sports . . . Keep Minds Alert

How valuable is the support of loyal fans to athletic teams? Win or lose, these followers are always on hand to lend their encouragement in a most sportsmanlike manner. They share all the excitement and anxiety of the contest with the players, and their confidence in victory for H. H. S. never wanes.

In addition to moral support, the Athletic Association provides for the financial and administrative requirements. Its importance is revealed in the fact that it has the largest membership of any organization in the school.

"PLAY THE GAME"

"Who misses or who wins the prize
Go lose or conquer, as you can;
But if you fall or if you rise,
Be each, pray God, a gentleman."

Home Economics

One of the major purposes of all education is to train girls and boys for worthy home membership. This purpose underlies all units taught in Home Economics. Whether the lesson be in Foods, Clothing, Child Care, Social Relationships, or a study of the House Itself, the purpose is to train girls or boys for daily living.

Home Economics helps girls develop a sense of mastery over their environment; it makes them aware of human needs and makes them see the power of science in enriching human lives. It deepens their appreciation of beauty; it strengthens the urge for useful living; it gives a broad base for intelligent living.

Characteristics of a Home Ec. girl are: She is hospitable, resourceful, healthy, thrifty, helpful and thoughtful. She has poise. She is neat and orderly and dresses smartly. She is honest and loyal and she is a home lover. She is clean in word, thought, and deed.

Future Farmers of America

Seventeen boys were enrolled in Vocational Agriculture for 1944-45.

Outstanding events for the year included: the initiation of Freshmen into the greenhand degree, a wild game dinner at which the Picture Rocks boys were our guests, and a half hour radio program presented over W.R.A.K.

Two of our boys were elected officers in the county organization: Samuel Reed, secretary; Lester Poust, conductor.

As a community service the boys took an active interest in the O. S. Y. A. farm machinery repair work and planned the early Spring distribution of garden seeds.

Mr. Cletus Merrell was the adviser this year and the chapter officers were: President, Samuel Reed; vice president, Ralph Bower; secretary, Harold Swisher; treasurer, Lester Poust; reporter, James Figels; custodian, Charles Woodside; chaplain, Dallas Bitler.

Working for Victory

Boy Scouts

The year 1944-1945 found Scout Troop #26 very busy in the war effort. The scouts were engaged in distributing posters, selling war bonds, and collecting rags and waste paper. Forty-eight tons of paper were collected during this period.

Scouting, however, is not all work and no play. During the summer each scout was given two weeks of camping at which time he received instructions in swimming, cooking, hiking, signaling and many other useful subjects.

Girl Scouts

The Girl Scout organization is very popular with the Hughesville girls. The girls enjoy many types of activity and instruction. Helping with various salvage drives, assisting in community service, and learning group cooperation are important parts of the scout program.

The girls from seven to ten are in the Brownie Pack, under the leadership of Marion Houseknecht. There are two intermediate troops: Troop 43 led by Mrs. Edward McConnell, and troop 21 led by Mrs. Glenn Lunger with Doris Hess assisting. The newly organized Senior Scout Troop is under the direction of June Smith and Mrs. Clarence Birdsell.

THEY BUILD MORALE

Two seniors, Susan Diggan and Maxine Murray, aided by three newly-elected juniors, Georgine Eichenlaub, Carlene Gray, and Bill Hill led the student body in peppy and lively cheering. Every effort was put forth to show the team that Hughesville High was behind them with all their "vim and vigor."

The cheerleaders express their appreciation for having had the privilege of serving their school in this manner.

The Hughesville High School basketball fans will long remember the season 1944-45. A sizable group answered Coach Menges' call for a squad. The varsity was made up of four juniors and one senior, and the substitutes were chosen from the sophomore and freshman classes. The opening game was lost to Muncy; however, the rest of the season proved very interesting. The boys gave the best that was in them and they were awarded third place in the league.

Dick McClain was our star for the year and one of the high scorers in the league, having a total of 129 points.

Kisner, a graduate this year, played a good game throughout the season. This was the last year also for Poust and Phillips.

Mixed Chorus

This year the Mixed Chorus consisted of forty-four girls and eleven boys from the sophomore, junior and senior classes.

The group learned numerous patriotic and folk songs. At the Christmas season they enjoyed memorizing carols, some in unison and some in parts.

There is pronounced evidence of talent in the group and its continued success is assured. A girls' sextette from this group has been popular throughout the community, having sung at social events and on school programs.

Orchestra

Steadily increasing in perfection, with the accomplishments of the past and the possibilities of the future in mind, the orchestra strives to obtain its goal. The value of the organization lies in stimulating appreciation through participation as well as in developing proficiency in players.

Although there are only eighteen members in the group, it is hoped that there will be more next year.

Related Art

Working out original ideas, the related art students completed many interesting assignments throughout the year.

In the first weeks of the course the students studied the Art Principles and Elements and applied them in making silhouettes, nursery rhyme panels for the Grade Building, wooden belts, modernistic designs from scrap materials and luncheon sets painted with textile paints.

As the month of December approached, the students began to think of Christmas. Cards were designed and gifts were made; such as, plaster of Paris plaques, stuffed animal lapel pins, and bowls covered with twisted crepe paper.

After Christmas vacation, the study of costume designing was taken up and individual outfits were designed by each student.

The historical background of the house and furniture styles were studied during the last two six weeks' periods of the school year.

Commercial Department

This year an additional commercial teacher, Miss Melva Kocher, was added to our staff because of the increased interest in this field.

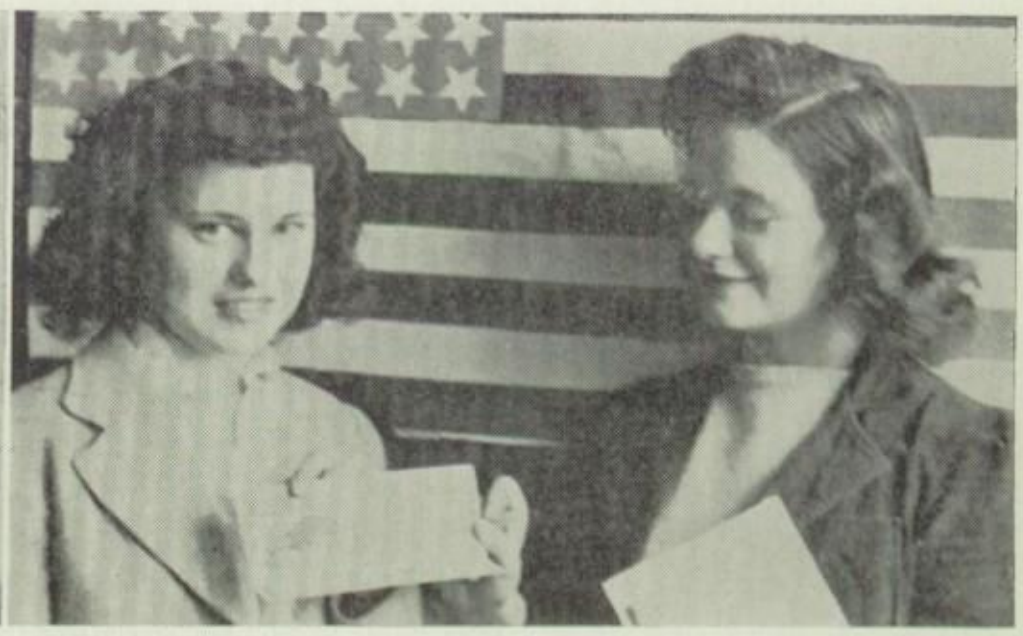
It is the aim of the department to prepare students to adjust themselves to life's situations, to attain higher education, and to keep a receptive mind to the changes being constantly made in our way of life. Students are challenged to look forward to the developments of tomorrow rather than to live in the errors of the past.

Our War Effort

The drive for tin cans began during the 1943-44 term. The grade and junior high school pupils together brought in 19,072 cans. At the end of the first semester this year the total was 12,624. The drive is still on, with the grades in the lead as from the beginning, and it is expected that this year's collection will exceed last year's.

The pupils of the Hughesville Schools brought in a total of thirty-one bags of milkweed pods in the fall. Hughesville, however, was the receiving center for Franklin, Jordan, Moreland, Muncy, Penn, and Wolf Townships. From this surrounding territory three hundred six additional bags were collected.

The Boy



The waste paper collections by the Boy Scouts to date are:

September	9,250 pounds
October	9,873 pounds
November	6,768 pounds
December	10,245 pounds

The bond and stamp sales by the Student Council to date are:

1943-44 term—$10,000.
1944-45 term— 4,504.80
(to December 22.)

We are well on our way to top last year's quota.

Class Song

(Tune: "Playmates")

Friends dear,
We are the Seniors true,
Our colors light and navy blue,
Don't mean as much to you,
As to us, the class of '45,
Our mem'ries we'll keep alive,
Forevermore.

Classmates,
Dear friends and teachers too,
The hours we've spent in school,
Don't mean as much to you,
As to us, the class of '45,
To you we'll say adieu,
Forevermore.

CHORUS

Oh, how the years did fly,
And now we must at last,
With tearful eyes, say goodbye,
To dear old H. H. S.

June Andrews

Alma Mater

(Tune: "Annie Lisle"—Cornell Song)

We all love the Hughesville High School
It's the best we agree
And to our dear Alma Mater
Pledge our Loyalty.

We will chant her praises ever
Let the chorus ring.
And a tribute to her memory
We will gladly bring.

CHORUS

Loyal e'er we'll be to Hughesville
And our best we'll do
For our dear old Alma Mater
The Orange and the Blue
